OUR MISSION
The mission of AIDS Services Foundation is to prevent the spread of HIV and improve the lives of men, women and children affected by HIV/AIDS in Orange County.

OUR STORY
A small group of volunteers founded AIDS Services Foundation Orange County (ASF) in the late summer of 1985 because people were dying, had nowhere to turn and desperately needed help. ASF is now the largest and most comprehensive nonprofit HIV/AIDS service provider in Orange County, with a staff of over 60 committed and caring individuals, a 23-member Board of Directors, and hundreds of dedicated volunteers.

Each year, ASF helps more than 1,600 men, women and children, along with their families, that are either living with HIV or are impacted by HIV disease. Services include food, transportation, housing, case management, emergency financial assistance, children and family programs, Latino outreach programs, mental health counseling, support groups, HIV testing, and an extensive array of HIV prevention and education programs. We hope for a time when these services are no longer needed. Until then, we work hard each day to prevent the spread of HIV and to ensure that everyone living with HIV and AIDS in Orange County has access to life-enhancing care and services.

Dear Friends and Supporters of ASF,

AIDS Services Foundation Orange County (ASF) commemorates its 25th anniversary this year. For many people, an anniversary signifies an achievement or milestone to be celebrated. For us it is about commemorating our ability to consistently deliver vital services to people affected by this terrible disease.

I believe there are three key reasons why ASF has been able to provide help and hope for 25 years.

**FIRST - OUR DONORS:** Without the thousands of individuals and institutions that have supported our client services through the years our doors would have closed a long time ago.

**SECOND - OUR VOLUNTEERS:** This includes board members, advisory board, Patrons Council, special event and agency volunteers. Their time and leadership are the reasons for our efficiency and effectiveness.

**THIRD – OUR STAFF:** We have highly professional and dedicated employees. Many have been involved with this issue and ASF from the agency’s earliest days. Their collective institutional memory connects our history with our future.

Starting with The Red Ball 1985 (see cover story) and over the next several months there will be a number of events and activities that shine a spotlight on our 25th anniversary. The Orange County Ride for AIDS, National Latino AIDS Awareness Day, World AIDS Day and AIDS Walk Orange County 2011 are just a few examples. We hope you will find opportunities to participate in these and the many other events we are planning for the year.

By the way, you may have noticed we have modified our logo to recognize the 25 years of help and hope ASF has provided to people in Orange County affected by HIV/AIDS. This is one more way we plan to call attention to our history of service to people affected by HIV/AIDS in Orange County.

Thank you for helping us provide hope.

**Letter from the President**

When ASF began 25 years ago, I don’t think anyone envisioned where we would be today. We emerged from a crisis of concern for our friends and loved ones who were confronted with a tragic illness, many without support or hope.

As we prepare to commemorate our 25th year of service I’ve been thinking a lot about how ASF became what it is today. My thoughts have meandered through those early days of need and those that stepped up to help – the first volunteers, donors and staff that helped build our foundation and mission of care and hope. Many of you have been involved since those early days. As the needs changed, you have responded.

Mostly, I’ve been inspired. Inspired by the courage of those we have served, and in particular those clients and families that give back through volunteering. Inspired by the volunteers, whose gift of time, stories of commitment, compassion and gratitude, have left me humbled. Inspired by our donors that have supported the mission of ASF over the years.

Today, ASF is a recognized leader in the field of HIV/AIDS prevention and support services. Together we are weathering our current economic challenges and I am confident in our continued ability to provide hope and respond to future needs. Dear friends, you made that possible and I thank you.

We kick-off our 25th year this month at The Red Ball in September. I hope to see you there and throughout the year.

ASF OPENS DOORS FOR MIXER
ASF hosted the Hispanic Chamber of Commerce of Orange County and the National Latino Business Women’s Association of Orange County on September 1 at the agency’s office. ASF President Maria Marquez and Executive Director/CEO Phil Yaeger welcomed members of the two groups to the agency – a first time opportunity for the chamber and the business women’s group.

In addition to networking and touring the facility, attendees had a chance to hear a presentation on HIV/AIDS – the most unspoken health concern affecting Latinos in the county.

NLAAD HEALTH FAIR PLANNED
One of the key efforts made at the mixer was attracting attention and support for the National Latino AIDS Awareness Day (NLAAD) health fair taking place this year on Sunday, Oct. 10. ASF takes a lead role in organizing an all-day fair which will include several health-related agencies such as the American Red Cross, American Cancer Society and the County of Orange Health Care Agency among others.

In addition to diabetes, blood pressure and cholesterol screenings provided by other agencies and clinics, ASF will be offering free HIV tests plus prevention information. The Consulate of Mexico is once again lending its support to the health fair. The fair takes place at the Fiesta Marketplace located at 4th and Spurgeon in Santa Ana.

Entertainment is planned to attract whole families. The event is free. About 1,000 persons are expected this year.

TEMPLE BAT YAHM AND ST MARK’S PRESBYTERIAN CONTINUE TRADITION
Donations are an essential part of ASF’s ability to operate. Thankfully the agency can count on the generosity of several communities of faith around the county including Temple Bat and St Mark’s, both located in Newport Beach.

Temple Bat will once again hold a food drive for ASF as part of its Yom Kipper observances September 17-19. Annually ASF receives $5,000–$7,000 worth of donations from the Temple Beth congregation for the pantry.

St. Mark’s members are also stalwart donors to the pantry and can be counted on to deliver food especially around the holidays. The church also supports AIDS Walk Orange County. Members have “fielded” a walk team for years and plan to be out again in force next May 14 at the Great Park in Irvine (date/location tentative) for the 25th anniversary of the Walk.

For more information about these and other Community Outreach activities at ASF contact Andrea Coulson, director of community outreach at acoulson@ocasf.org.

ANNUAL FAMILY CAMP HELD
Thanks to the support of the Wilbur May Foundation and Anita May Rosenstein, ASF was once again able to hold its annual Family Camp the weekend of August 27-29. About 70 eager campers, including parents and kids boarded buses in ASF’s office parking lot the morning of August 27 for a weekend away. Family Camp is held at Camp Scherman, a 700 acre facility in the San Jacinto Mountains owned by the Girl Scouts of Orange County.

Family Camp provides parents and their children a welcome respite from dealing with HIV/AIDS. Campfire sing-alongs, canoeing, archery and crafts are just some of the activities organized by the more than 30 volunteers who help put Family Camp on each year.

To learn more about Family Camp and the Wilbur May Family and Children’s Program contact Laurie Barber, program coordinator at lbarber@ocasf.org.

25TH ANNIVERSARY LOGO INTRODUCED
ASF has adapted its logo to include recognition of its 25th anniversary. The new logo will be used over the next year to help remind the public about the agency’s many years of service to people living with HIV/AIDS in Orange County.

Many of ASF’s events and activities will also be created with 25th anniversary recognition opportunities beginning with The Red Ball 1985, ASF’s new annual fund raiser.

For more information about ASF’s special events contact Ty Rose, director of development at trose@ocasf.org.
Orange County ride for AIDS to benefit ASF Client Services

ASF will be the beneficiary of a brand new event this fall as the first ever Orange County Ride for AIDS (OCRA) takes place on Saturday, October 9. The event, which is limited to 250 cyclists, is designed to raise money and awareness to help the men, women and children affected by HIV/AIDS that are served by ASF. Each participating rider commits to raising a minimum of $500 for the cause.

The event begins and ends at Saddleback College in Mission Viejo and will follow a century (100 miles) or metric century (62 miles) course. While the course is designed for these two options, riders can do as much of the course as they like. The purpose is to participate.

According to Jorge Rodriguez, M.D., OCRA Steering Committee chair, rest stops and a lunch stop are strategically located along the route.

“It’s about the message not the miles. We want our riders to be safe and to have a great time.”

“Medical staff and bike mechanics will be available throughout the course and helmets are required to be worn during the ride and in all training workshops,” says Rodriguez, an avid cyclist and past president of the ASF board.

The ride travels through many scenic areas of Orange County including south Santiago Canyon, Tustin and Irvine, the Back Bay, Corona del Mar to Laguna Beach and back along Laguna Canyon Road before returning to the original starting point in Mission Viejo.

While the ride is expected to attract seasoned cyclists, the OCRA Steering Committee has organized a series of training workshops to help newer riders get themselves and their bikes in shape to participate. All proceeds generated through the ride will go to ASF.

THE RED BALL 1985 LAUNCHES A YEAR OF SPECIAL ACTIVITIES TO RECOGNIZE ASF’S 25TH ANNIVERSARY

Emmy Award winner Leslie Jordan set to entertain

To mark its 25 years of service and to remind people that the fight to stop HIV disease goes on, ASF is launching The Red Ball 1985. The event takes place Saturday, September 25 at the Festival of Arts in Laguna Beach. Several other commemorative events will follow throughout 2010 and 2011.

“The Red Ball is about raising funds for client services as well as awareness about HIV/AIDS” says Maria Marquez, president of ASF’s board of directors. “It is a wonderful way to launch our 25th anniversary year while continuing our tradition of bringing help and hope to people affected by HIV/AIDS in Orange County.”

Ms. Marquez says that this year’s 1985 theme is a salute to the agency’s founding year. “In the future, each Red Ball will have its own unique theme. But the goal will always be the same – to raise the funds necessary to help those affected by this disease and to stop its spread.

The Red Ball begins at 6:30 p.m. with a one hour reception, silent auction and dancing followed at 7:30 p.m. by a served dinner catered by Mark’s of Laguna Beach. The opening welcome will also begin at 7:30 p.m.

After dinner, a special program will highlight agency milestones and salute the many individuals, foundations and corporations that support ASF.

Leslie Jordan, a 2006 Emmy Award winning comedian will deliver a stand up performance sure to have Red Ball guests in stitches. Mr. Jordan won his award for Outstanding Guest Actor in a Comedy Series for his portrayal of “Beverley Leslie” on “Will and Grace.” Television audiences will also recognize him for his recurring roles on “Ugly Betty,” “Boston Legal,” and “Reba.”

The evening will be capped with more dancing. While black tie is optional, red attire is very much encouraged.

The Red Ball 1985 tickets range from the Platinum Level at $25,000 to an individual ticket at $250. All tickets include entrance to the event, cocktails, dinner, dancing and the program and Leslie Jordan performance. Proceeds from The Red Ball 1985 will go to ASF client services. Tickets can be purchased at www.ocasf.org/red-ball.

The Red Ball 1985 Committee held a preview party July 28 in the beautiful Laguna Beach home of ASF supporters Dr. Ed Smith and John O’Neil. The party introduced The Red Ball to about 75 guests and helped to raise more than $40,000 in commitments and pledges for the event. Organizing the preview party and providing catering were Friends of Dorothy Guild members led by Barbara Venezia, Dorothy’s founder, president and ASF board vice president.
ABOUT LESLIE JORDAN

In 1982, Leslie Jordan stepped off a Greyhound bus from the hills of Tennessee, said “hello” to Hollywood and has never looked back. With hundreds of television shows, films and commercials to his credit, he has become a familiar face on the entertainment scene.

Leslie is the 2006 Emmy Award Winner for Outstanding Guest Actor in a Comedy Series for his delicious portrayal of “Beverley Leslie” on “Will and Grace.” Television audiences will also remember him for his recurring roles on “Ugly Betty,” “Boston Legal,” and “Reba.”

Feature film audiences will recognize Leslie from his performance as “Brother Boy” in Del Shores’ adaptation of his play “Sordid Lives” with Olivia Newton-John, Delta Burke and Beau Bridges. He continued the role in “Sordid Lives… the Series” for the cable network Logo, which starred Rue McClanahan, Caroline Rhea and Bonnie Bedelia among others. Other upcoming feature film appearances include “Love Ranch” in a wonderful scene with Helen Mirren directed by Taylor Hackford.

On stage, Mr. Jordan won the Ovation Award, The Garland Award and The Los Angeles Drama Critics Circle Award for his portrayal of “Preston Leroy,” the aging, sodden barfly in Del Shores hit play “Southern Baptist Sissies.”

Mr. Jordan has enjoyed considerable success as a writer. His book “My Trip Down the Pink Carpet” for Simon and Schuster is currently in bookstores.

THE VOICE SEPT - OCT 2010 9
20th Anniversary of Ryan White CARE Act
Is it time to update key provisions?

Twenty years ago on August 18 the Ryan White CARE Act became law. ASF, like many thousands of nonprofit and local government agencies is able to provide vital services to people living with HIV/AIDS as a result of the funding made possible through this landmark legislation.

Writing for US News & World Report, Tom Sheridan offers the following observations about the Ryan White Act and suggests it’s time for a new and more relevant version.

“We now have fewer deaths, more available drugs and treatments, more systems able to respond. But the initial response, repair, and recovery process has come to an end. Today’s new HIV/AIDS challenges require the same kind of innovation and boldness that we, as a nation, demonstrated two decades ago. So, on this milestone anniversary, I’m compelled to offer this challenge: Let’s honor Senator Kennedy and Ryan White by writing and passing the Ryan White CARE Act 2.0.”

Says Sheridan, “Clearly, it’s time for an updated battle plan that is just as innovative as its predecessor. We need a bill that nationalizes the purchase of AIDS drugs similar to the Veterans Administration’s approach, which could save 74 percent over open-market prices. With those savings, we could give greater numbers of Americans with HIV access to life-saving treatments.

We need to merge care and prevention strategies so that the current wave of scientific discoveries has an express lane into the new at-risk communities. And we need to remove silos in the federal government that prevent agencies from coordinating care. The Centers for Disease Control, for example, could work much more closely with the Health Resources and Service Administration to develop innovative ideas for leveraging resources.”

Proposed new Federal funding for HIV/AIDS programs falls short of need says AIDS Healthcare Foundation

According to a recent White House statement by Jeffrey Crowley, Director of the Office of National AIDS Policy, the Obama Administration is taking new action to prioritize support for Federal HIV/AIDS prevention and care programs. “We are sending to the Congress an amendment to the President’s FY 2011 budget request to increase HIV/AIDS funding by $65 million. This is comprised of a requested $35 million increase for HIV prevention in order to continue exciting new HIV prevention activities that support the National HIV/AIDS Strategy and a $30 million increase for state AIDS Drug Assistance Programs to respond to the ongoing crisis states are facing in operating these essential programs.

But, says Michael Weinstein, President of AIDS Healthcare Foundation (AHF), this is not nearly enough.

“President Obama, thank you very much for the additional $5 million, but unfortunately, it isn’t nearly enough,” said Weinstein. “With 3,000 Americans on waiting lists to receive lifesaving AIDS medications and hundreds more being disenrolled by state AIDS Drug Assistance Programs due to cost-containment measures, this crisis is spiraling out of control. Though additional funds are appreciated, there is no possible way that an additional $5 million—on top of the $25 million previously reallocated to address this situation—will result in getting those 3,000 people off the waiting lists and on to lifesaving AIDS treatment.”

Weinstein and other AIDS advocates say another $96 million is needed to solve the waiting list problem.
An essential part of ASF’s ability to help individuals living with HIV and AIDS comes from the outstanding leadership and commitment of its generous supporters. Patron’s Council is ASF’s Major Donor Recognition Society. Patron’s Council members demonstrate their unwavering commitment to ASF by giving $1,200 or more annually in non-event related contributions. Patron’s Council donors are vital to the success of ASF and to show our appreciation of your generous support, we have established recognition societies and exclusive benefits based on both annual and cumulative giving.

FRIENDS OF DOROTHY PRODUCE ANOTHER SPECTACULAR EVENT

Spring onto the Runway Fashion Show draws more than 400 guests

The Friends of Dorothy Guild held its third annual and again very successful Fashion Show, May 12 raising $49,000 that night for ASF. Titled “Spring onto the Runway”, the show featured spectacular gowns from Mi Place in Newport and men’s fashions from Brooks Brothers South Coast Plaza. Macy’s South Coast Plaza provided the signature Dorothy fashion show finale of men’s underwear.

Since starting just four years ago, the Dorothy’s have raised over $405,000 to support client services provided by ASF.

Kevin Coleman donated the event site – a warehouse – directly across from the Orange County Airport. Thanks to the creative flair of Dorothy’s founder and ASF board vice president Barbara Venezia and her team the space was transformed to showcase the fashions.

Guests enjoyed Barefoot Wine and food from Billy’s Naked Chicken, both longtime Dorothy sponsors. Dee W. IEye opened the show welcoming guests as she pranced down the runways.

This was the second event on the Dorothy’s fund/friend raising calendar this season. The next is the Friends of Dorothy Haunted Halloween at The Village Crean Costume Party that takes place October 23 from 6:00 p.m. to 10:00 p.m. Dinner, dancing, auction, a costume contest and of course the presentation of Red Shoe Awards are all planned. This event sells out each year so get your tickets online early. $85.00 for non members and $75.00 for members.

For tickets to the Halloween event, and to see photos from the fashion show go to www.friendsofdorothy.org.
